

Help fund classroom projects!

Fuel Your School at the pump!

Now in its second year, Chevron's Fuel Your School promotion supports education in our schools and community by helping teachers receive funding for eligible classroom projects.

Teachers will submit projects detailing the materials and supplies they need at DonorsChoose.org, where Chevron's donations are used to fund their eligible classroom projects. (DonorsChoose.org is an online charity that organizes funding for eligible projects in public schools all over the country.)

And that's where YOU come in: During the month of October, when you fuel up with 8 or more gallons at a participating Chevron or Texaco station, Chevron will donate \$1, up to \$1 million, to help fund projects for public schools in Alameda and Contra Costa counties!

So tell your relatives, friends—even the cashier at the grocery store: They can help fund projects just by filling up at Chevron and Texaco!
