

The Chevron-Marketer Midland and Ector Counties Fuel Your School Promotion — Midland and Ector Counties in Texas

1. Agreement and Use

By accessing and using the www.FuelYourSchool.com/MidlandEctorCounties website and its contents, you agree to the terms and conditions ("Terms and Conditions") that governs and limits your use of the site and its contents. If you do not agree to be bound by these Terms and Conditions, you should not use the site.

2. Program

\$1 will be donated for each 8 gallon or more fuel purchase at participating Chevron-branded and Texaco-branded stations in the cities located in Midland and Ector counties, Texas (the "counties") to DonorsChoose.org, up to a total amount of Two Hundred Thousand Dollars (\$200,000). The donations will be based on the number of electronic card transactions (i.e., credit, gift or debit cards) of 8 or more gallons of fuel. At the end of the Program Period, those donations will be increased to account for cash transactions of 8 or more gallons of fuel. Since the volume of individual cash transactions is unable to be tracked, the donations for cash transactions will be based on historical station volume amounts and other data that shows 8 or more gallon cash transactions constitute about ten percent (10%) of the total 8 gallon or more transactions at a particular station. DonorsChoose.org will use the donations to help fund eligible classroom projects from schools near the participating Chevron-branded and Texaco-branded stations (the "Program"). Up to Two Hundred Thousand Dollars (\$200,000) is available for funding of the eligible classroom projects. All classroom project requests must be approved by DonorsChoose.org to be eligible for funding.

3. Participating Stations

All Chevron-branded and Texaco-branded stations in the cities of Midland and Ector counties, Texas are participating in this Program.

4. Program Period

The Program Period will begin at 12:00:01 a.m. PDT on October 1, 2018 and is scheduled to end at 11:59:59 p.m. PDT on October 31, 2018 (the "Program Period"). Chevron Products Company, a division of Chevron U.S.A. Inc. ("Chevron") reserves the right to end the Program Period earlier if the Two Hundred Thousand Dollars (\$200,000) available for funding is achieved.

5. How Consumers Participate

Consumers participate in the Program by visiting participating Chevron-branded and Texaco-branded stations and filling up with a fuel purchase of 8 gallons or more. The donations are based on the number of electronic card transactions (i.e., credit, gift or debit cards) of 8 or more

gallons of fuel. At the end of the Program Period, those donations will be increased to account for cash transactions of 8 or more gallons of fuel. Since the volume of individual cash transactions is unable to be tracked, the donations for cash transactions will be based on historical station volume amounts and other data that shows 8 or more gallon cash transactions constitute about ten percent (10%) of the total 8 gallon or more transactions at a particular station. Consumers may also independently fund classroom projects on the DonorsChoose.org website by making a separate, individual donation.

6. How Schools Participate

Schools participate by submitting classroom project requests to the DonorsChoose.org website for approval for posting during the Project Submission Period. Schools must be eligible to participate and classroom project requests must be submitted by individual Eligible Project Submitters.

a. Eligible Schools

All K-12 public schools in Midland and Ector counties, Texas are eligible to receive funding.

b. Eligible Project Submitters

Teachers, librarians, guidance counselors and school nurses that meet DonorsChoose.org eligibility requirements at eligible schools may submit classroom project requests.

c. Eligible Classroom Project Requests

Approved Classroom Projects are eligible for funding through this Program if material costs are One Thousand Dollars (\$1,000) or less per project (excluding taxes, vendor or order fulfillment fees and any optional donation to support DonorsChoose.org). Projects must meet DonorsChoose.org eligibility requirements. Additionally, Student Life Essentials Projects and Student-led Projects are eligible for funding through this Program. Field trips and professional development projects are not eligible for funding through this Program. Chevron recognizes the importance of STEM (Science, Technology, Engineering, and Math) education to the future and Chevron encourages classroom project requests that support STEM education.

d. Project Submission Period

The Project Submission Period will begin at 9:00:00 p.m. EDT on September 30, 2018 and is scheduled to end at 11:59:59 p.m. EDT on October 31, 2018 (the "Project Submission Period"). Chevron reserves the right to modify or change the Project Submission Period in its sole discretion.

e. Project Submission Procedure

Eligible Project Submitters with DonorsChoose.org accounts can log in to their already existing accounts and submit an Eligible Classroom Project Request. Eligible Project Submitters without accounts can request an account at www.donorschoose.org/teacher and then submit an Eligible Classroom Project Request under that account. Up to one (1) posted Eligible Classroom Project Request per Eligible Project Submitter will be funded.

7. How Projects Are Posted and Made Available for Funding

DonorsChoose.org will review each classroom project request submitted to confirm that the project and submitter meets the eligibility requirements. Once DonorsChoose.org approves the classroom project request, DonorsChoose.org will post the project on its website and the project will be available for funding.

8. How Projects Are Funded

a. Project Funding Period

The Project Funding Period begins on October 3, 2018 and ends on November 3, 2018 or until all funds have been distributed within the city the funds were earned for Eligible Project Requests. Chevron will designate one day per week during the Project Funding Period when projects are funded through the Program (i.e. each Wednesday) or another day if the last designated day falls before the Program Period end date. Project funding will be based on fuel sales through two days before the designated funding date or the end of the Program Period. Notwithstanding the foregoing, Chevron, in its sole discretion, may end the Project Funding Period sooner or later if there are available funds from another city or the funds within that particular city have been expended. Once projects are funded, the materials/supplies for the funded project will be fulfilled and distributed by DonorsChoose.org.

b. Allocation of Earned Funds by City

Eligible Schools will have their projects funded through fuel purchases at Chevron and Texaco stations located in that Eligible School's city within Midland and Ector counties, Texas. Eligible Schools may not have their projects funded if the \$200,000 has been expended or there are not sufficient fuel purchases at Chevron-branded and Texaco-branded stations located in that Eligible School's city within Midland and Ector counties. If there are no Chevron-branded or Texaco-branded stations in a particular city within Midland and Ector counties, then Eligible Schools within that city will be included with the Eligible Schools in an adjoining city as determined by Chevron in its sole discretion and receive funding based on purchases at Chevron-branded and Texaco-branded stations in that adjoining city. Any funds remaining on or about November 4, 2018 due to lack of Eligible Classroom Project Requests from a particular Eligible School may be reallocated, at Chevron's sole discretion, to Eligible Classroom Project Requests at another Eligible

School within that particular County, and if there are no remaining Eligible Classroom Project Requests within that County, Chevron may direct any remaining funds to Eligible Classroom Project Requests in other participating counties, or for any other use through DonorsChoose.org at a later date and/or in any other market, in its sole discretion.

c. Allocation of Earned Funds Per City, Per Eligible School

Eligible Classroom Project Requests will be funded on a rotating basis by the order in which they are received and posted on DonorsChoose.org per Eligible School within each city, at Chevron's sole discretion. The order of the Eligible School rotation is initially determined by the earliest date and time that an Eligible Project Request is posted by an Eligible Project Submitter of an Eligible School within that city. Once funding has been completed for an Eligible Project Request at an Eligible School, then the funding will move to the next earliest date and time that an Eligible Project Request is posted from another Eligible School, or at the same Eligible School if no other Eligible School has posted an Eligible Classroom Project Request, within that city. In the event that an initial Eligible Classroom Project Request is posted at an Eligible School after the order of rotation has already been established within a city, then Eligible Classroom Project Requests posted at that Eligible School will follow at the end of the rotation order and funding for that Eligible School will continue in that order. Chevron reserves the right to change or modify the order in which Eligible Classroom Project Requests are funded in its sole discretion. Consumers may also independently contribute to funding Eligible Classroom Project Requests and/or other posted projects directly through DonorsChoose.org at their discretion.

d. Limitations on Funding

Up to Two Hundred Thousand Dollars (\$200,000) is available in funding. Up to one (1) posted Eligible Classroom Project Request per Eligible Project Submitter will be funded. Projects of One Thousand Dollars (\$1,000) or less in material costs (excluding taxes, vendor or order fulfillment fees and any optional donation to support DonorsChoose.org) per Eligible Classroom Project are eligible for funding. Chevron, in its sole discretion, reserves the right to partially fund an Eligible Classroom Project Request in the event that insufficient funds are available to fund an entire project, but in the event that it does so, such action does not mean that other projects will be eligible for partial funding.

9. Restrictions on Use

Chevron owns, operates, licenses, or controls the [www.FuelYourSchool\(s\)](http://www.FuelYourSchool(s)) Web site and its contents ("Web Site" and/or "Web Sites").
